FEED-IN TARIFF

In Croatia, renewable energy is mainly supported through a feed-in tariff. Every producer, who holds the status of "qualified producer" and has signed a formal agreement with the Croatian Energy Market Operator (HROTE) has the right to sell the electrical energy with feed in tariff.

AMOUNT

Depending on the generating capacity, the specific technology or the efficiency of the plants.

DURATION

14 years Feed-in tariff guaranteed.

EU FUNDS

Grant in the fields of renewable energy and energy efficiency.
